Abbottabad, Pakistan

PROFESSIONAL SUMMARY

Full-Stack Software Engineer with hands-on expertise building scalable web and mobile applications. Proficient in React, Next.js, Node.js, Flutter, and modern cloud platforms. Proven ability to design robust APIs, implement secure authentication systems, and deliver production-ready applications. Strong foundation in software engineering principles, system architecture, and collaborative development.

TECHNICAL SKILLS

- Languages & Frameworks: JavaScript (ES6+), Dart, HTML5, CSS3, PHP, SQL, React.js, Next.js, Flutter, Bootstrap, Tailwind CSS
- Backend & Databases: Node.js, Express.js, REST API Design, Socket.io, JWT Authentication, MongoDB, MySQL
- Tools & Platforms: Git, GitHub, Vercel, Railway, Docker, Postman, VS Code, npm, Yarn
- Core Competencies: Full-Stack Architecture, Agile Development, API Design, Problem Solving, Team Collaboration

PROFESSIONAL EXPERIENCE

Full-Stack Development Intern • CodeAlpha (Remote) / Aug 2024 – Aug 2025

- Developed and deployed 2 full-stack web applications (NexaCart, Social Hub) from architecture through cloud deployment
- Built React frontends integrated with Node.js/Express APIs featuring JWT authentication and MongoDB databases
- Configured Vercel cloud environments with optimized PWA capabilities for offline accessibility and mobile-first design
- Awarded official Letter of Recommendation (LOR) and Certificate of Completion for technical excellence

IT Department Intern • Ayub Teaching Hospital (Abbottabad) / Jul 2025 – Aug 2025

- Maintained and updated live hospital web portal using HTML5, CSS3, JavaScript, Bootstrap, and CodeIgniter framework
- Supported backend PHP services and assisted with MySQL database optimization and maintenance
- Recognized for punctuality, work quality, and reliability throughout internship tenure

PROJECT EXPERIENCE

NexaCart – E-Commerce Marketplace

React.js, Express.js, MongoDB Atlas, Vercel, PWA

- Built full-stack e-commerce platform with JWT authentication, product search, shopping cart, and order tracking
- Implemented Progressive Web App capabilities enabling offline functionality and app-like mobile experience
- Deployed on Vercel with optimized CI/CD pipeline and environment variable security

Social Hub – Professional Community Platform

React.js, Node.js, Express.js, MongoDB, Tailwind CSS

- Engineered full-stack social network with real-time posts, reactions, nested comments, and follow system
- Implemented custom feed algorithm with user engagement optimization
- Designed responsive UI with Tailwind CSS for seamless desktop and mobile experience

Hum-Raah – NGO Coordination & Civic Reporting Platform

Flutter, Dart, Node.js, MongoDB, Socket.io, Railway

- Developed cross-platform mobile application with GIS mapping integration and real-time data synchronization
- Implemented role-based access control enabling different permissions for NGOs, donors, and government entities
- Built WebSocket-based backend for live updates and multi-user collaboration

Shadinama – Wedding E-Invitation Platform

Next.js, Node.js, MongoDB, SVG, Tailwind CSS

- Engineering dynamic invitation generator with 10+ customizable themes and live design studio preview
- Implementing responsive SVG rendering for pixel-perfect invitation designs across devices
- Building admin dashboard with inventory management and order processing workflows

EDUCATION

Bachelor of Science in Software Engineering • Abbottabad University of Science and Technology (AUST) | GPA: 3.66/4.00 | 2022 – 2026

- Relevant Coursework: Web Technologies, Mobile Application Development, Database Management Systems, Software Engineering Principles, OOP, Data Structures & Algorithms, Information Security

CERTIFICATIONS & ACHIEVEMENTS

- Letter of Recommendation – Full-Stack Development (CodeAlpha, Sept 2026)
- Certificate of Completion – Full-Stack Virtual Internship (CodeAlpha, Student ID: CA/DF1/227533)
- Certificate of Internship – IT Department (Ayub Teaching Hospital, Ref: 848/HR/ATH, Oct 2025)
- Full-Stack Development Bootcamp Completion (CodeAlpha Training Program, 2026)
