CSS

Backend & Databases:

Node.js, Express.js, MongoDB
Atlas, Socket.io

Tools:

Git, GitHub, Railway, REST APIs

Languages:

C++, Java

LANGUAGES

- English
- Urdu

PROFILE

Software Engineering graduate with hands-on experience building full-stack and cross-platform applications using Flutter, Next.js, Node.js/Express, MongoDB Atlas, and Socket.io. Built an NGO coordination and civic-reporting platform and a digital wedding-invitation web app, with a focus on clean, user-friendly, deployable software.

INTERNSHIP EXPERIENCE

IT Department Intern — Ayub Teaching Hospital JUL 2025 - AUG 2025
Medical Teaching Institution, Ayub Teaching Hospital, Abbottabad

- Completed a 4-week internship in the IT Department as part of the BS Software Engineering program.
- Assisted the IT Department with day-to-day technical support and gained exposure to hospital IT operations in a clinical environment.

PROJECTS

Hum-Raah — Final Year Project 2025 - 2026

Cross-platform NGO Coordination & Civic Reporting App

- Built a cross-platform mobile and web app in Flutter for NGO coordination and civic issue reporting across Pakistan.
- Developed the backend using Node.js/Express with MongoDB Atlas, and integrated Socket.io for real-time updates.
- Implemented role-based dashboards, GIS-based map pin visibility, and a citizen report verification pipeline.
- Deployed the backend on Railway and resolved cross-platform issues including Flutter Web support.

Shadinama 2026

Full-Stack Wedding Stationery & Digital Invitation Platform

- Developing a full-stack web application for wedding stationery and digital e-invitations using Next.js, Node.js/Express, and MongoDB Atlas.
- Built a dynamic e-invite generator offering 7 themes and 6 animation styles for personalized invitations.
- Designed an admin-only Design Studio to protect business IP, using original SVG-based designs.

ACADEMIC PROJECTS

- Hospital Management System — desktop application built using C++.
- ATM Simulation Project — developed using Java.
- Bank Management System — record and transaction management application.
